Net4Mobility is a transnational cooperation project between the National Contact Points (NCPs) of the EU Marie Skłodowska-Curie Actions (MSCA).

The project aims to help NCPs improve the service provided to interested parties all over the world, and increase awareness of the MSCA funding possibilities.

Among our Services
- Explain relevant possibilities
- Help find the best option for you
- Assistance throughout the whole process

WE ARE HERE FOR YOU!
Find YOUR NCP and explore your possibilities

www.net4mobilityplus.eu

Who? Academic institutions and non-academic organizations
What? 100% funding for up to 4 years
Where? Europe and Third countries
When? Call deadline every year!

This project has received funding from the EU Horizon 2020 Research and Innovation programme under the Marie Skłodowska–Curie actions

*Participants continue paying the salary of seconded staff during exchange and allowance. Top up is intended for travel, accommodation and subsistence.
Tips & Tricks for writing a good RISE proposal

**General**

Closely follow the call requirements
Be in line with the actions’ objectives and rationale.

Follow the guideline's instructions
Use the structure provided in the template and address all the evaluation criteria.

**Excellence**

Describe the added value
Describe how the consortium is more than the sum of its parts with complementarity and synergy between partners.

Emphasise original and innovative aspects
Use clear and concise language when describing the innovative aspects of the research – get beyond the state of the art.

Knowledge sharing/transfer is crucial
Outline all of the knowledge transfer/sharing among the participants and highlight the expertise and specific contribution of each partner involved.

Highlight all cross-barriers aspects
Make sure all of the international, inter/multidisciplinary and cross-sectoral aspects of the project are evident.

**Impact**

It’s about Impact
Think about impact on different levels, for the Researchers, the Beneficiaries, European level or others.

Spread the news
Disseminate your results to specific target groups (academic circles, general public) and specify how your impact can be measured.

It’s about taking researchers further
Explain how the project will provide opportunities for individuals to acquire acquisition of new skills, knowledge and/or experience that advances their professional carriers.

Intellectual Property issues are important
Intellectual Property Right issues tend to be neglected. A credible strategy for managing IP can help you get extra points.

**Implementation**

Highlight the EU-Dimension
Show that your proposal addresses EU policy or societal challenges being faced in the EU and beyond.

Start early and submit the right proposal on time

Monitoring and Risks
Coherent plans to monitor your projects progress and mitigate risk pay off and can increase the credibility of your proposal.

What, how and by who?
Be very clear on the parameters of the work, the objectives you aim to achieve and the project’s overall management.

Outline strong points of each partner
A good record relevant in a research field, special facilities and significant collaborations make for an environment that’s conducive to research.

Pay attention to your Gantt Chart
Project deliverables and milestones should be clearly presented.

Follow the guideline’s instructions
Use the structure provided in the template and address all the evaluation criteria.

Get a second opinion
Have your proposal proof-read by a colleague and pre-screened by your NCP.

Start early and submit the right proposal on time

Follow the guideline’s instructions
Use the structure provided in the template and address all the evaluation criteria.
